WELCOME TO TRX®

TRX® founder Randy Hetrick created the original Suspension Trainer to stay mission-ready while he was deployed as a Navy SEAL. “I was looking for a way to pull without any gear, so I came up with this crazy harness idea.”

Hetrick’s idea transformed fitness—proving that it was possible to get an effective, challenging, full-body workout anywhere.

**“THERE’S NOTHING LIKE THE *SUSPENSION TRAINER*,
YOU CAN DO LITERALLY HUNDREDS OF EXERCISES.”**

– RANDY HETRICK

Over the last 20 years, TRX® has grown from straps created out of necessity to the global functional fitness leader. Athletes, first responders, trainers, and fitness enthusiasts turn to TRX® for world-class training equipment that gets results.

MISSION AND VALUES

TRX® HELPS PEOPLE GET STRONGER AND MOVE BETTER
WITH **CUTTING-EDGE GEAR, TRAINING, AND PROFESSIONAL
EDUCATION** THAT IS ACCESSIBLE FOR ALL LEVELS.

TRUSTED AROUND THE WORLD

The power of TRX® extends far beyond the Suspension Trainer. We've built an engaged, global network of fitness enthusiasts and professionals who know that TRX® gets results.

TRX[®] OVERVIEW

Everything you need to deliver a world-class experience to your clients.

TOOLS

Built to last, TRX[®] equipment can withstand the sweat and friction of high-volume use.

- Suspension Trainers™
- Weights, featuring YBell[®]
- Resistance
- Accessories

ANCHORING & STORAGE

Durable, attractive solutions to organize equipment and activate your clients.

- TRX Studio Line™
- TRX[®] Bridges
- TRX[®] Bays
- Anchoring and Mounting

PROFESSIONAL EDUCATION

Movement-based training curriculum with a progressive approach to coaching.

- On-site certifications
- Virtual certifications
- Online courses

SUSPENSION **TRAINING**[®]

The all-in-one fitness method
powered by your bodyweight to
sweat, sculpt, and strengthen.

TRX® COMMERCIAL SUSPENSION TRAINER™

Meet our toughest Suspension Trainer™. We used 15 years of feedback and testing to develop the best Suspension Trainer™ for high-volume environments like gyms and studios. The TRX® Commercial Suspension Trainer™ combines a fresh look and features multiple patented designs for our most durable, user-friendly product ever.

FEATURES

ADJUSTABLE FOOT CRADLES

Custom fit to any foot size to prevent slippage.

PADDED TRIANGLES

Smooth, padded webbing for enhanced comfort.

RUBBER HANDLES

Anti-slip texture secures grip for safety and comfort.

LOCKING CARABINER

Keep your investment safe and secure.

TRX® PRO4 SYSTEM

Outfit your clients with the Suspension Trainer™ model preferred by elite athletes. The TRX® Pro4 System is a professional-grade solution, available to everyone.

INCLUDES:

- Suspension Anchor
- Door Anchor
- Mesh carry bag

TRX® STRONG SYSTEM

The TRX® Strong System is a Suspension Trainer™ for athletes of any age or experience level. This lightweight, all-in-one system is adaptable for strength, cardio, mobility, recovery, or core-focused training—ideal for home or travel.

INCLUDES:

- Suspension Anchor
- Door Anchor
- Mesh carry bag
- Workout poster

DYNAMIC **RESISTANCE** TRAINING & **RECOVERY**

Use resistance to transform your body.
Recover with start-to-finish essentials
for safe and effective training.

TRX RIP TRAINER™

The TRX Rip Trainer™ is an innovative weighted bar and resistance bungee duo that hones multi-directional movement through the abs, obliques, back, and hips—perfect for helping your clients develop speed, agility, and balance.

INCLUDES:

- TRX RIP Trainer™
- Door Anchor
- Medium Resistance Cord
- Safety strap

TRX BANDIT® PRO KIT

TRX Bandit® is a premium, universal-fit set of handles that attach to Strength Bands and take workouts to new levels. Maximize results with more comfort, control, and performance.

INCLUDES:

- Four handles
- Four durable strength bands: 5-15, 15-30, 25-50 and 35-70 lb

FEATURES:

- Premium rubber grip
- Eliminates hand-to-band pinching and irritation.
- Slip-free notched inner for optimal safety
- Patented design

TRX® FOAM ROLLERS

TRX® Foam Rollers are made from expanded polypropylene (EPP) foam, an extra-tough material that keeps its shape and delivers consistent, deep-tissue therapy results.

SIZES AVAILABLE

18" and 36"

TRX® MAT

The TRX® Mat is a mid-sized, cushioned training surface that makes planks, crunches, hamstring curls, or bridges more comfortable. Functional, durable, and easy to store, the TRX® Mat is the perfect add-on for your gym.

SIZE

23" W x 48" L

TRX® REV ROLLER

Our TRX® Rev Roller has smooth rings on each end for consistent deep-tissue release, along with trigger-points to target tension in the neck, back, knees, hips, and more.

SIZE

14"

TRX® SUSPENSION TRAINING MAT

Our non-slip mat is made for stretching, cardio, yoga, and weight training. Line measurements help clients progress with different foot or hand placements.

SIZES AVAILABLE

2' x 6' and 4' x 6'

TRX ROCKER®

Our foam Rocker encourages targeted back-and-forth motion over tight areas to achieve muscle release—and relief—through the neck, back, knees, and hips.

SIZES AVAILABLE

13" and 26"

TRX® YBELL® EXERCISE MATS

Our durable YBell® Mats are made for ground-based exercises. The cushioned surface protects hands, knees, floors, and YBells while offering visual cues for exercises.

SIZES AVAILABLE

28.5" W x 44" H and 28.5" W x 12" H

TRX® STRENGTH BANDS

Full-length bands for full-body training. Bands add resistance without impact, demanding 100% effort through the complete range of motion for every move. Incorporate them into classes, individual workout spaces in your facility, pull-up bars, or your sports rehabilitation offerings.

SIZES AVAILABLE

5-15, 15-30, 25-50, 35-70, 45-110 and 60-150 lbs

TRX® EXERCISE BAND BUNDLE

Increase the intensity of any exercise. The mini loop design offers serious time under tension—perfect for glute activation drills, pre-workout warmups, toning, stability training, stretching, and mobility. Indicated weight ranges let your clients gauge their progress over time. Sold as a set of four.

SET INCLUDES

2-8, 5-12, 6-17 and 10-25 lbs

TRX® GLUTE BANDS

The booty band your clients have been dreaming of! Made from super-soft fabric, our Glute Bands won't bunch or pull on hair. Designed for toning exercises, HIIT classes, Pilates, or barre.

SET INCLUDES

Light, Medium and Heavy

TRX® STABILITY BALL

A stability ball adds a bonus burn to basic crunches, woodchops, and more. Our TRX® Stability Ball is built for sport, rehab, and overall fitness, crafted with durable, non-slip vinyl that won't pop from heavy use.

SIZE

55 cm

TRX[®] YBELL[®]

THE WORLD'S MOST VERSATILE WEIGHT

YBell[®] is the breakthrough evolution in strength training—a dynamic, cost-saving, 3-in-1 solution combining dumbbells, kettlebells, and push-up stands. Change your grip to change your equipment.

TRX® YBELL® PRO SERIES

With a cast iron core and commercial-grade, powder-coated finish, the YBell® Pro looks as good as it handles. **Sold as singles and bundles.**

9 WEIGHTS AVAILABLE

4.5 kg (10 lbs)	8 kg (18 lbs)	12 kg (26 lbs)	16 kg (35 lbs)	20 kg (44 lbs)
6 kg (14 lbs)	10 kg (22 lbs)	14 kg (31 lbs)	18 kg (40 lbs)	

TRX® YBELL® NEO SERIES

Non-slip neoprene coating provides a comfortable, durable grip that stands up to sweat and friction from intense workouts. **Sold as singles and bundles.**

8 WEIGHTS AVAILABLE

1.1 kg (2.4 lbs)	3.2 kg (7 lbs)	6 kg (14 lbs)	10 kg (22 lbs)
2.5 kg (5.5 lbs)	4.5 kg (10 lbs)	8 kg (18 lbs)	12 kg (27 lbs)

TRX® YBELL® HORIZONTAL LONG RACK

Our attractive, heavy-duty steel Horizontal Rack is designed for TRX® YBell® Pro and Neo weights, but can also be used to house kettlebells or standard dumbbells. Long Horizontal Racks hold a minimum of 18 TRX® YBells. Each rack has three, rubber-padded shelves and rounded front edges for safety, durability, and noise reduction.

DIMENSIONS

65" L x 29" H x 23" D | Leg width: 2" | Shelf length: 61.6" | Shelf depth: 9" | Weight: 110 lbs

TRX® YBELL® HORIZONTAL SHORT RACK

Form meets function in our TRX® YBell® Racks. Each heavy-duty steel Horizontal Rack, or H-Rack, has three rubber-padded shelves, and can accommodate TRX® YBell® Pro and Neo models, traditional dumbbells, and kettlebells. Short Horizontal Racks hold a minimum of 12 TRX® YBells®. Rounded front edge shelves protect equipment and users.

DIMENSIONS

41" L x 29" H x 23" D | Leg width: 2" | Shelf length: 38" | Shelf depth: 9" | Weight: 79.4 lbs

TRX® YBELL® SINGLE VERTICAL RACK

Maximize upright storage space with the TRX® YBell® Vertical Rack. Ideal for gyms and studios with limited floor space, each industrial-grade steel rack holds up to 10 TRX YBells of any model or weight. Curved YBell® mounts reduce dropping risk during loading and unloading, keeping your clients—and your investment—safe.

DIMENSIONS

21" L x 59" H x 19" D | Weight: 43.5 lbs

FUNCTIONAL TRAINING TOOLS

Complete the TRX® experience in your facility with our durable, patented line of Functional Training Tools. Crafted for high-volume use, each product meets the most stringent quality standards.

THE HEXGRIP ADVANTAGE

Our exclusive TRX® HexGrip training tools have 2x stronger grip suction for maximum power. Throw higher. Move faster. HIIT harder. Your clients get better results with every workout.

TRX® SLAM BALL

Cardio, agility, and strength training, in one compact tool. Our best-selling Slam Ball features a grooved tire tread texture, no-slip grip, and bounce-resistant construction built to withstand frequent use.

WEIGHTS AVAILABLE

6, 8, 10, 15, 20, 25, 30, 40 and 50 lbs

TRX® HEXGRIP MEDICINE BALLS

Master explosive movements with our most advanced medicine ball. Our moisture- and scuff-resistant design is wear-tested for intense training.

10" MEDICINE BALL

4, 6, 8, 10 and 12 lbs | 4, 6, 8, 10 and 12 kgs

14" MEDICINE BALL

8, 10, 12, 14, 16 and 20 lbs | 6, 8, 10, 12, 14 and 16 kgs

TRX® HEXGRIP POWER BAGS

Our innovative HEX node textile creates superior handling for maximum efficacy. Wear-tested, triple-stitched, moisture-resistant design is built for grueling workouts.

WEIGHTS AVAILABLE

10, 20, 30 and 40 lbs | 5, 10, 15 and 20 kgs

TRX® PLYOCUBE

Designed for box jumps, incline pushups, tricep dips, and more, the TRX® Plyocube can be flipped to 20", 24", and 30" height options. With a durable vinyl exterior and honeycomb-design PU interior, our plyocube maintains its shape—and won't leave splinters in your clients' shins.

DIMENSIONS

20" x 24" x 30"

TRX® SOFT PLYO BOXES

Customize any workout with our stackable gym boxes. Mix and match all four heights for endless options. Velcro® edges secure each box when stacking. Dense foam core won't lose its shape. Durable vinyl exterior resists scuffs and scrapes.

SIZES AVAILABLE

6", 12", 18" and 24"

TRX® BATTLE ROPE

Deliver a full-body, heart-pumping, and endurance-challenging workout through slams, waves, jacks, throws, and pulls. The comfortable rubber grips won't slip, (no matter how hard your clients sweat), and the heavy-duty, tightly-braided construction can outlast the fiercest workout. Two year warranty.

SIZES AVAILABLE

1.5" x 30' and 1.5" x 50'

TRX® RUBBER COATED KETTLEBELLS

TRX® Rubber Coated Kettlebells feature top-quality construction, durable rubber coating on the bell, a powder-coated comfort-grip handle, and a machined flat base for easy storage.

WEIGHTS AVAILABLE

4, 6, 8, 12, 16, 20, 24, 28, 32, 36 and 40 kg

ANCHORING & STORAGE

With built-in anchoring and designated equipment areas, TRX Studio Line™ Functional Training systems maximize your space, storage, and training capabilities.

TRX® BRIDGE UNITS

Bring the wow-factor to your facility with TRX® Bridge Units. Perfect for studios or on the gym floor, TRX® Bridges will breathe new life into any space.
