

PRECOR[®]

COMMERCIAL CATALOG

CARDIO | CONNECTED FITNESS | STRENGTH

A modern gym with people using Precor UMAX treadmills and leg press machines. The gym is well-lit with large windows and wooden accents. Several people are visible in the background, some on treadmills and others on leg press machines. The foreground shows a woman in a red long-sleeve shirt and black shorts using a leg press machine, and another woman in a purple tank top and black leggings lying on a leg press machine. A woman in a blue tank top and white shorts is also visible on a leg press machine in the background. The overall atmosphere is active and professional.

PRECISION QUALITY PRODUCTS FOR THE WORLD

At Precor, we work hard to earn customer trust. That means putting the needs of you and your exercisers first—from product design and engineering to sales, installation, and support.

Discover the Precor difference and see why our fitness solutions are preferred by exercisers, trainers, facility operators, and business owners alike in over 100 countries.

WHY PRECOR

Precor is the #1 choice in thousands of fitness facilities across 100+ countries.

YOU COME FIRST

Our extensive design and engineering process prioritizes people—operators, exercisers, and servicers. The result? Easy-to-manage equipment that empowers exercisers.

TRUSTED PARTNER

More than just a product supplier, we've provided full-service, total fitness solutions to customers across industries and continents for over 40 years.

GLOBAL SCALE, LOCAL TOUCH

Our network of sales, support, service, and distributor partners ensures you have the help you need—where and when you need it.

One-of-a-kind design, for over 40 years

Our legacy of “firsts” spans the first-ever ergonomic rowing machine and world’s premier elliptical—so you know we’ll keep your exercisers working out on the forefront of industry insight. With over 500 pending and issued patents worldwide, we sweat every detail to build products that are intuitive to use, easy to maintain, and deliver a low cost of ownership.

CONNECTED FITNESS

P94 and P84 Touchscreen Consoles

Performance. Fitness. Entertainment.

- **PERFORMANCE**

Bright, high-definition 22" and 16" touchscreens with lightning-fast technology engage exercisers while keeping pace with their workouts.

- **FITNESS**

Over a decade of connected fitness experiences and over 1.3 billion workouts later, our latest consoles are built to inspire the next generation of cardio exercisers.

- **ENTERTAINMENT**

Wireless casting allows for immediate access to thousands of third-party apps. Exercisers always have their content, their way.

- **PEAK PERFORMANCE**

Designed to stand up to the demands of exercisers today and in the future. Our lightning-fast touchscreens with split-second response, have the power to deliver a premium fitness experience that is always at the forefront of innovation.

- **ENHANCED DISCOVERY**

Thoughtful user experience with compelling graphics and fitness-focused navigation surfaces new workouts and entertainment options, allowing exercisers to keep their workouts fresh and exciting.

- **INTEGRATED CONTENT SOLUTIONS**

Best-in-class visual graphics, exerciser insights, integration of Pluto TV streaming service, exclusive HIIT and Heart Rate workouts gives a cohesive fitness and media experience that motivates your exercisers and keeps them on track.

- **PRECORCAST™**

Exercisers enjoy the ultimate choice in workouts and entertainment without the need to sign-in; by casting content directly from their phone to the large display, they have access to thousands of fitness and media apps.

- **YOUR GYM, YOUR MESSAGE**

With customizable rotating images, the Screensaver Reel will help build your brand, allowing you to communicate to exercisers about facility activities and services, and keeping exercisers informed of new console features.

CONNECTED FITNESS

Precor Connected Fitness

Media and metrics to keep your exercisers motivated and you up to speed

Better data is better for your business. We design and deploy expert connected fitness products and services based on feedback from our global network of more than 143,000 connected Precor products and over 1.2 billion recorded workouts. Depending on your business priorities, exerciser expectations, and budget, you'll find flexible products and services to accelerate your vision.

Delight your exercisers to drive retention

- **KEEP YOUR EXERCISERS ENGAGED**

Remote software updates and immediate access to the latest workouts and media offerings ensure that your exercisers enjoy the most up-to-date fitness experience possible.

- **STRENGTHEN YOUR CONNECTION**

Stay connected and keep in touch with your exercisers to keep them motivated. You can even customize the interface to match your branding.

- **INTERFACE WITH INTELLIGENCE**

Use equipment data to make informed investment decisions, optimize equipment rotation, and proactively address maintenance issues to minimize downtime.

CONNECTED FITNESS

Tools to Grow Your Business

Incorporating technology and digital services into your gym can help you build your brand, engage with your members, and strengthen your gym community. And we make it simple. When you connect the Precor Touchscreen consoles to the internet, you've got connected fitness. Leverage the full suite of tools to customize the console experience and directly communicate with your exercisers to increase attraction, improve retention, drive revenue, and optimize your cardio equipment management.

CUSTOMIZABLE WALK-UP SCREEN

Extend the presence of your brand to the cardio floor with a high-impact, customizable screen. Add a button that leads to content about your facility to keep in touch with your exercisers.

AUTOMATIC SOFTWARE UPDATES

All networked Precor touchscreen consoles receive automatic software updates, refreshed content, and new features—at no expense, and without any action required by you.

ASSET MANAGEMENT ALERTS

Choose from immediate alerts or weekly summaries to keep in touch with your Precor cardio equipment. Our system continually watches the alerts, preventing duplicates and an overflow of repeats.

CUSTOM BRANDING

Elevate your brand with the Screensaver Reel and customized experiences on our cardio consoles. Consider promoting your services, special offers, or operational information, such as changes in hours.

EXERCISER ACTIVITY REPORT

See the cardio activity of your Preva account holders with this simple online report. Great for supporting member challenges and contests, driving targeted communications, and measuring cardio preferences.

IN-WORKOUT MESSAGES

In-workout messages are a great way to stay connected to your cardio exercisers. Use them to promote your facility, events, specials, services, and schedules.

Streaming Media and Workouts

Free and embedded Pluto TV™, live TV options, and apps keep exercisers entertained while they sweat.

ENTERTAINMENT APPS*

Access personal audio and video entertainment apps, like Netflix® and YouTube® through the Precor touchscreen consoles. Workout finishes before the movies does? Exercisers can pick up right where they left off on their next workout or from any other personal device.

*Coming Early 2025

MORE MEDIA, LESS HASSLE

Enjoy an out-of-the-box TV experience on every console, powered by Pluto TV. Our seamless integration embeds Pluto TV directly into our channel guide, coexisting with your existing cable offerings, and providing a user experience that offers the same look and feel as live TV.

EGYM

Achieve more with EGYM and Precor

Personalized and progressive workouts for results-driven cardio sessions.

The Five Star integration of the EGYM cardio training system with Precor cardio equipment makes fitness training easier, more intuitive and motivating. Smart Workouts, an automated system with a brief fitness assessment, target exercisers with cardio programs that are personalized to each individual and incorporate gamification, making them fun and engaging.

BEST-IN-CLASS INTEGRATION

Lightning-fast Precor touchscreen consoles seamlessly integrate with EGYM technology to guide exercisers effectively to their personal endurance goals.

TAILOR-MADE FITNESS EXPERIENCE

Exercisers check in with regular fitness assessments to unlock new training workouts and prevent the onset of training plateaus.

FAST ACCESS TO PERSONAL WORKOUTS

One-touch access from a large tile on the Precor home screen promotes engagement to draw in your exercisers.

ENGAGING GAMIFICATION ELEMENTS

Exercisers stay motivated by earning activity points, which count toward a leaderboard. This playful element adds motivation, makes workouts more fun, and reinforces the community in your facility.

GLUTE EXTENSION

STRENGTH

Vitality™ Strength Selectorized

Luxe look, compact, and a variety of motion paths

Vitality Series Selectorized delivers on what's vital in a comprehensive conditioning circuit: workout variety, ease of use, and space efficiency for lower use fitness facilities.

- **DUALS DELIVER 2 FOR 1**

More than half of the Vitality line features dual exercise models.

- **UPSCALE CONTEMPORARY STYLING**

Easily blends with Vitality™ Benches & Racks and Resolute™ Strength Selectorized.

- **EASY TO USE**

Step-by-step placards are a helpful boost in unstaffed facilities.

- **DESIGNED WITH LIMITED SPACE IN MIND**

All models have a smaller footprint and low profile design.

CORE AND STRETCHING

Strengthen and stretch off the floor

AB-X

The unique “floating pivot point” design of the Ab-X creates the ideal “crunch” movement while the contoured pads reduce stress to neck and shoulders.

STRETCHTRAINER™

The StretchTrainer™ allows exercisers to achieve deep, supportive stretches for their back, hips, shoulders, and legs, promoting faster recovery and improved flexibility.
