

TRM 531

Experience™ Series

TREADMILL

Product Highlights

The TRM 531 delivers Precor's signature reliability and natural running feel in a compact, space-saving design. Ideal for lighter-use facilities, it combines durable construction with low-maintenance operation for smooth, quiet performance. Exercisers enjoy the club-like workout experience they expect, while operators appreciate the dependable uptime.

Product Features

P31 Console

A LED console that works harder for you, your exercisers, and your servicers. Exercisers will enjoy the well-placed speed and incline controls, as well as accessible workout options. Get integrated asset management to supercharge your service techs with extra information, right at their fingertips.

Run Naturally, Land Softly

Precor's patented shock absorption systems - Integrated Footplant Technology™ and Ground Effects® Impact Control - deliver a natural running experience while minimizing joint stress. Paired with a spacious running surface, over-molded handlebars, and hand sensor heart rate technology, the treadmill provides exercisers with a smooth, lower-impact workout and a gym-like experience.

Commercial-Grade Drive and Lift Motor

Built with commercial-grade components and thoughtfully engineered to exceed Precor's rigorous testing standards. Designed for lighter-use facilities like multi-family housing, corporate wellness centers, and hotels, it ensures reliable performance, dependable uptime, and minimal maintenance.

EFX® 535

Experience™ Series

ELLIPTICAL FITNESS CROSSTRAINER®

Product Highlights

The EFX 535 combines Precor's industry-leading elliptical motion with a space-saving design, now 4 inches shorter than other EFX models to maximize performance in smaller spaces. Perfect for lighter-use facilities like multi-family housing, corporate wellness centers, and hotels, it delivers smooth natural movements without compromising quality. With its thoughtful design, accessible features, and proven durability, the EFX 535 provides an exceptional workout for exercisers of all abilities while meeting the operational needs of facility owners.

Product Features

P31 Console

A LED console that works harder for you, your exercisers, and your servicers. Exercisers will enjoy the well-placed resistance and incline controls, as well as accessible workout options. Get integrated asset management to supercharge your service techs with extra information, right at their fingertips.

Adjustable CrossRamp®

Our compact CrossRamp® technology allows exercisers to isolate lower-body muscle groups with adjustable incline angles ranging from 10 to 35 degrees. Exercisers can easily target glutes, quadriceps, and calves to create a well-rounded workout tailored to their fitness goals. Large open pedals, a low step-over height, and an accessible 10-degree starting angle make it simple for beginners to get started, while higher inclines and resistance challenge advanced exercisers.

Handlebars

The moving handlebars deliver a full-body workout with every session. Fixed grips provide stability and confidence for exercisers focused on lower-body training, making the EFX adaptable for all fitness levels.
